PARENT INVOLVEMENT SCHOOL GRANTS

District School Councils

Principals

Funding from the Ministry of Education Parent Involvement Initiative will be added to the school budget allocation of each TLDSB school in the fall of the school year.

In consultation with the Principal, School Councils will approve expenditures for mobilization and outreach activities funded with the annual Ministry of Education allocation after seeking out the advice and ideas of other parents and partners.

Money spent must be for activities that will increase parent engagement at the school level. Examples could be adding school events that include parents or increasing the number of parents who attend annual school events.

Schools must maintain a record which includes the allocation of the funding, the rationale for this allocation, and receipts for monies spent. The attached template must be completed and submitted to the Manager of the Director's Office by June 15, of the school year.
